Buy direct from the manufacturer and SAVE!!

**1-800-660-4972 or (803) 568-5720**

Accurate Manufacturing has been your trusted source for personalized Comfort Gel Packs since 1997. Our packs can be used for both hot and cold therapy, are reusable, and stay flexible when frozen. Our packs are also some of the most durable and long-lasting hot/cold packs on the market. In addition to our quality products, we offer unparalleled customer service. We work hand in hand with our customers to provide them with an ice pack to meet their needs. We strive to offer an effortless ordering experience in a timely matter so that you can get your packs fast. In addition, we ensure the best pricing possible by offering low minimum orders and many quantity price breaks. Look inside to find a pack that meets your needs.

(COD fees not included.)

(A one time setup fee of \$25 will be applied to new personalizations.)  
(Order three or more cases and receive free setup.)

Standard print color is black.

## 6 x 10" Comfort Gel Pack

The 6x10" Comfort Gel Pack is a good standard size hot/cold pack. It is big enough to use on some larger body parts but small enough to be used for centralized pain. It is a popular size for chiropractors, physical therapists, and orthopedic surgeons. You can sell the packs to your patients or simply give them one to take home for your recommended treatment regimen.

With our sleeve wraps, you can ice at home, on the go or even in the office.

6x10 (30 per case)		
Cases	Personalized	Non-Personalized
1-2	\$74.50	\$62.50
3+	\$68.50	\$56.50
Sleeves: \$2.00		

### So Many to Choose From

Whether you need hot/cold therapy for a single tooth extraction, back surgery, plastic surgery, or simply a pack for the kids, we have a Comfort Gel Pack for you. We have made it our priority to expand our line to meet our customers' needs, so rest assured, the odds are, we have what you're looking for. Pick one that's right for you.

"Comfort Gel Packs help reduce post-operative swelling and discomfort when applied over the surgical area."  
- Patrick A. Scioscia, DMD, Lexington Facial and Oral Surgery

## 6 x 7" Comfort Gel Pack

If you are looking for something a little smaller, the 6x7" Comfort Gel Pack is a good choice. It is a small convenient size good for icing or heating smaller, more isolated areas. They are commonly used by many dental fields as well as dermatologists and plastic surgeons. The 6x7" also serves as a great promotional size. You get plenty of print space but, being one of our smaller packs, it is also one of our most economical.

6x7 (30 per case)		
Cases	Personalized	Non-Personalized
1-2	\$67.00	\$55.00
3+	\$64.00	\$52.00
Sleeves: \$2.00		

### Add Comfort and Convenience

Don't want to worry about needing a towel to wrap your Comfort Gel Packs in? We've got the solution. We have designed many of our ice packs with a cloth barrier built right in. The cloth barrier minimizes the possibility of frost bite and burning so you can feel assured that you are giving your patients a safe product.

The 6x7" is a popular choice in the dental fields for tooth extractions, bone grafting or other oral surgeries.

## 10 x 15" Comfort Gel Pack

When you need to treat a large portion of your back, look no further than the 10x15" Comfort Gel Pack. Although it has many other potential applications, there is no doubt that if you are looking to reduce back pain and swelling, this is the right choice for you. On most people, it will cover the entirety of the low back. Like many of our other larger packs, it is popular in chiropractic and physical therapy offices. It is also one of the best selling in-office packs we offer, so if you are looking to retail Comfort Gel Packs, be sure to get some of these.

### Make Them Your Own

Add some style to your Comfort Gel Packs by adding your logo and business information. Our art department will work with you to design a pack that you can be proud to send home with your patients. With the minimal difference in price, the only question you need to answer is "why not?"

"Personalizing the Comfort Gel Packs is part of my marketing strategy, because they allow my name to be exposed in many communities for long periods once they are given to an injured patient."

-Dr. Steven Shaw, Shaw Chiropractic

*By personalizing your packs with your clinic information, you can ensure your patients keep your information handy.*

10x15 (12 per case)		
Cases	Personalized	Non-Personalized
1-2	\$71.30	\$66.50
3+	\$68.30	\$63.50
Sleeves: \$3.75		

*For back pain, there is no better pack than the 10x15".*

## 9 x 12" Comfort Gel Pack

If you need something a little larger than the 6x10" but don't quite need the 10x15", the 9x12" works as a great medium. It can be used with smaller patients to ice larger areas such as the back or abdomen or it can work with larger patients to ice smaller areas such as shoulders or knees. It too is popular amongst chiropractors and physical therapists to relieve their patients' everyday aches and pains.

9x12 (24 per case)		
Cases	Personalized	Non-Personalized
1-2	\$98.30	\$88.70
3+	\$93.50	\$83.90
Sleeves: \$3.50		

*The 9x12" is a great choice for back, shoulder or rotator cuff injuries.*

### Increase clinic revenue

Looking to increase revenue? Aren't we all? Comfort gel packs can help by getting your name out there. Whether you are just opening a practice or trying to build it, when you personalize your ice pack, the advertising possibilities are endless. Donate them to the local welcome wagon, the nearest school or your child's ball team. You might be surprised how far word of mouth or an ice pack can travel.

## 7 x 25" Comfort Gel Pack

If you're looking for the largest gel pack you can find, the 7x25" will be a good fit for you. Because of its large size, it works well for a large variety of applications. It is long enough to wrap around a large part of your waist or lower back. It will also ice the length of your back if you suffer from spinal pain. This pack is a favorite among chiropractors and physical therapists because of its versatility.

### Ice on the Go

We have a sleeve for virtually every pack that we make, many including Velcro straps to reduce the need of holding the Comfort Gel Pack in place. The soft fleece-like sleeve makes a great addition to any pack and adds comfort unequalled by any other ice pack. You can personalize them too.

*The 7x25" can be used for low back pain, or along the length of your back for spinal pain; it is that big!*

#### 7x25 (12 per case)

Cases	Personalized	Non-Personalized
1-2	\$88.80	\$84.00
3+	\$85.80	\$81.00
Sleeves: \$4.25		

## 5 x 18" Comfort Gel Pack

If you don't need something quite as large as the 7x25" but are looking to treat similar areas, you might want to consider the 5x18". It too can be used to wrap around a waist, knee, or shoulder and is heavily used by chiropractors, physical therapists, orthopedic surgeons and oral surgeons. Another popular use for the 5x18" is to ice both sides of the jaw after having wisdom teeth extracted. It works well when used with our 18" extended strap sleeve.

#### 5x18 (24 per case)

Cases	Personalized	Non-Personalized
1-2	\$91.10	\$81.50
3+	\$85.10	\$75.50
Sleeves: \$3.00 for 10" Strap \$3.50 for 18" Strap		

*For neck or shoulder pain, the 5x18" is an excellent choice, especially with our sleeves; the Velcro strap ensures it stays in place.*

### Specialty Wraps

We have joined with a few of our partner companies to develop specialty wraps that utilize our packs for heavy duty icing. The specialty wraps range from wrist to back to multi-body part wraps. We even have equine wraps. Call us to see what recommendation we can give for your icing needs.

## 4 x 9" Comfort Gel Pack

The 4x9" Comfort Gel Pack is a good choice if you're looking for something small and simple. It is an ideal size for wrapping around smaller body parts such as a wrist or heel but has also proven a popular choice in dermatology for post-brow filling. Like many of our other smaller packs, the 4x9" gel pack is offered with cloth backing if you prefer to eliminate the need for a towel or sleeve.

### Screen Printed Sleeves

If you like the idea of using a sleeve with your pack consider screen printing to add a personal touch to them too. Screen printing allows you to place your business and contact information directly on the sleeve. There is a one time setup fee of \$50.00 to design your print and then 85¢ additional per sleeve. (Minimum order - 48 sleeves)

4x9 (50 per case)		
Cases	Personalized	Non-Personalized
1-2	\$99.00	\$79.00
3+	\$96.50	\$76.50
Sleeves: \$1.75		

## 4 x 4.5" Comfort Gel Pack

Our 4x4.5" is a good choice if you are looking for the most economical way to apply heat or cold to small areas. They are small, palm-sized packs with no pre-printed instructions, but can still be customized with your information. They are popular amongst dentists and dermatologists for in office use but also serve as a very affordable hand out if you have a booth at a seminar or conference.

*For wrist injuries or carpal tunnel, the 4x4.5" is an excellent choice.*

4x4.5 (70 per case)		
Cases	Personalized	Non-Personalized
1-2	\$126.00	\$98.00
3+	\$119.00	\$91.00
Sleeves: \$1.75		

### Personalize in Color!

In addition to our standard black print, we now offer personalization in a variety of colors. Choose from gold, silver, blue, red, green or white. With our new print colors, you can make sure your packs stand out even more.

## 4" Round Comfort Gel Pack

The 4" round pack is one of our most popular sizes. It's a palm-sized pack that is convenient for icing any small area. With a cloth barrier sealed to one side, it eliminates the need to put a sleeve or towel between the pack and the skin. Although they were designed for post biopsy care, they have come to be used in many medical fields including dermatology and plastic surgery for post-filler treatments and with dentistry for tooth extractions.

Among other uses, the 4" round pack is good for post-cataract or laser eye surgery.

### A Cool Idea

If you get most of your business from referrals and are looking for more patients, Comfort Gel Packs may be the solution. You can give your primary referring doctors a case of ice packs with your name and information on it and simply ask them to give a pack to any patient they will be referring to you. Not only will your referring doctors be grateful to have an ice pack they can use on their patient, but now the patient has your name, number, and location so they will have no problem finding you.

4" round with cloth (50 per case)		
Cases	Personalized	Non-Personalized
1-2	\$95.00	\$75.00
3+	\$90.00	\$70.00

If you are looking to reuse the 4" round pack on different patients, consider getting them without cloth for easy sanitizing.

## 6" Round Comfort Gel Pack

Even with the popularity of the 4" round, there was still the need by our customers for something a little larger. Because of that demand, we recently introduced the 6" round pack to the market. It treats everything the 4" round does and more. It too comes with cloth on one side and is popular in dentistry, dermatology, and the plastic surgery fields. It is also useful while breastfeeding or after breast augmentation or reduction. Because of its size, we are also seeing it cross over into some areas where our larger packs are popular.

### Multiple Gel Colors

We stock many of our sizes (including the 6" round packs) with pink and blue gel. We do however offer green, clear, pink and blue gel in any of our sizes. So, if we don't stock a certain pack with a particular color, we will gladly make the bag-color combination you want. We simply ask that you give us an extra day or two for special orders.

6" round (30 packs per case)		
Cases	Personalized	Non-Personalized
1-2	\$72.50	\$60.50
3+	\$69.50	\$57.50

The 6" round pack is ideal for icing knees, elbows or even shoulders.

The 6" round is great for a wide range of oral surgeries.

# The "Happy Healers"® Family

The Happy Healers family of gel packs offers something for the child in all of us. We currently offer five characters year round and two special characters during the holiday season. They are popular in any medical field that treats children as well as daycares or other child care services. They come with cloth on one side, so the pack can be applied directly to the child. Also, if you choose to get them individually wrapped, each pack comes packaged with its' own instruction card to promote salability.

## Looking for a good fundraiser?

Because Accurate Manufacturing is the manufacturer, we are able to offer some of the most competitive pricing. When you buy our packs by the case, you are getting them for approximately 50% off their individual retail price. That means, when you sell them individually, you can double your investment. Ice pack fundraisers have had proven success by many churches, schools and local organizations. Ice packs are a staple in many households, especially ones with children; so take the opportunity to supply your community with something they need for their home while raising money for your cause.

Available in white, blue, green or pink gel.

Use in the office to help minimize the patient's pain and swelling.

Help your child recover quicker by reducing their fever.

Happy Healers (30 per case)		
Cases	Personalized	Non-Personalized
1-2	\$69.00	\$57.00
3+	\$66.00	\$54.00

Care for your child's everyday bumps, bruises and injuries.

"Icy" and "Santa" "Happy Healers"® available for the holidays!

Send pack home with patient after a procedure or as part of an at home treatment kit.

## Face Mask

Designed specifically for dermatologists and plastic surgeons, the facial mask is one of the most unique gel packs on the market. It is designed to cool the full face after skin peels, laser treatments and microdermabrasion. It also works well to reduce pain and swelling associated with facial plastic surgery. In a growing trend among day and med-spas, the facial mask has been used to soothe clients while treatments are being given. The facial mask comes with cloth on one side as well as Velcro straps to keep the mask in place.

Face mask (12 per case)		
Cases	Personalized	Non-Personalized
1-2	\$107.40	\$102.60
3+	\$103.80	\$99.00

*Use the face mask for post-laser resurfacing or IPL.*

## Ultimate Comfort

Because of the area the face and eye mask are designed to treat, we developed them with an extremely soft plastic. The micro-embossed plastic ensures that you won't have sharp corners that make your icing experience uncomfortable. If you are looking for the most comfortable way to ice the facial region, look no further than the face and eye mask.

## Eye Mask

Another unique pack we offer is our eye mask. Designed for plastic surgeons and ophthalmologists, the eye mask works great to ice your brow, eye and upper cheek area. They are used to reduce post-surgical pain and swelling from blepharoplasty, brow lifts, and other upper facial surgeries. Like the face mask, the eye mask comes with Velcro straps and cloth on one side. In addition to reducing post-surgical pain, many people have claimed that it helps relieve their migraine and sinus headaches.

Eye mask (12 per case)		
Cases	Personalized	Non-Personalized
1-2	\$93.00	\$88.20
3+	\$90.00	\$85.20

*The eye mask is a good choice for optical surgeries, blepharoplasty and brow lifts.*

## Retail Options

If you don't have a need for a full case of ice packs, we do use [www.amazon.com](http://www.amazon.com) for a retail outlet. They carry every size that we offer and are always guaranteed in stock.

## Specialty Sizes and Colors

If we don't have quite what you're looking for, we can still help. We offer both custom sizes and colors. We can even make special shaped ice packs. With custom orders, there are minimum quantity requirements, and depending on the order, the minimums can vary. We would enjoy the opportunity to provide a quote for your special project.

## Why choose anyone else?

**We offer FREE SHIPPING to the contiguous United States on all Comfort Gel Pack orders.**

**Comfort Gel Packs are completely non-toxic and latex-free.**

**Our packs remain flexible when frozen for easy body contouring.**

**Comfort Gel Packs retain temperature longer and freeze faster for reuse.**

**We offer one of the largest varieties of hot/cold packs you can find.**

**We offer personalization on any order.**

**Our service is quick and accurate.**

### **About us:**

Accurate Manufacturing was founded in 1997 by Douglas and Angela McCarthy. Like many small businesses, their beginnings were humble. For the first three years, Comfort Gel Packs were made and shipped from their home with an operating staff of three. We have now grown to a dedicated staff of over forty and are currently looking at expansion options to our facility built in 2008. We are located in Swansea, SC and we are proud to employ many students and veterans from our community.
